(f). Please amend the specification to enter the substitute paper copy of the sequence listing into the specification.

SEQ ID NOS. 22 and 23 were added to the sequence listing. SEQ ID NO. 22 is the first sequence in Claim 39 and SEQ ID NO. 23 is the third sequence of Claim 39. Additionally, the general information of the Sequence Listing has been changed to correct the number of sequences from 21 to 23 and to correctly note the correspondence address, current application and prior application data. No new matter has been introduced.

This response is timely filed as January 15, 1996 was a Federal Holiday.

Respectfully submitted,
